Core Features

01

Edit Text and Image

The easiest PDF editor to modify the original text and images in a PDF like Word, including add/edit/delete text, rotate/replace/resize/crop images, etc.

02

Organize Pages

Organize and rearrange the pages of your document easily, and as often as you need, merge, split, rotate, crop or delete pages for better management.

03

Batch Process

A batch PDF converter & compressor & encryptor to help you save time and increase efficiency. Batch adding watermarks, headers and footers works as well.

04

Convert

Speed workflow by making it easy to convert high-quality PDF files to Microsoft Word, Excel, PowerPoint, Text, RTF, CSV, HTML, and image files in a few clicks.

05

Encrypt

Encrypt and protect PDFs with a password to safeguard sensitive information and add a watermark to multiple documents at once to avoid plagiarism.

06

Read & Comment

Check information and compare contracts side by side. Annotate and mark up PDFs with comprehensive tools, which help review points in documents.

Core Features

07

Form

Create fillable forms for your clients to stay productive with Text Fields, buttons, radio buttons, combo boxes, check boxes, and list boxes.

08

OCR

Extract text and convert scanned documents into editable, searchable PDF files instantly. Make manual data entry a thing of the past.

09

Fill & Sign

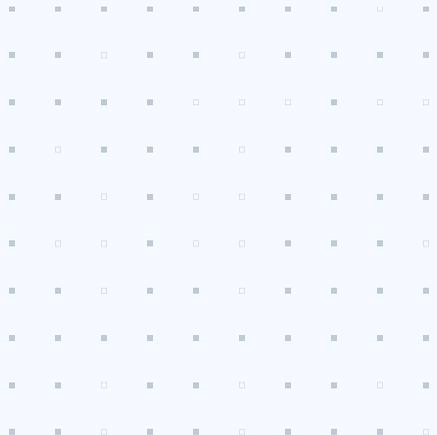

Fill out the interactive PDF forms created in Adobe Acrobat and sign documents from anywhere, accelerating your business process.

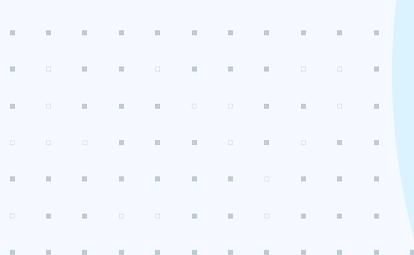

10

Redact

The redaction tool allows you to remove confidential text and images by blanking out them with a black box that cannot be removed, preventing the leakage of business data.
